1. The TACT and TAILSPIN reports have been screened and attached herewith is a compilation of information on von MEHDE. Most of this information undoubtedly duplicates that which was transmitted to Karlsruhe.

2. Pertinent excerpts from von MEHDE'S diary have been included. The original is on file here and we do not believe that any copy of the translation was ever retained in Karlsruhe. The diary was not translated in its entirety but only excerpts made. No translation of von MEHDE'S book, "Die Wealher der Sowjetunion", is contained in the file.

3. Also enclosed, as of possible interest, is a list of the reports submitted by the four Georgians in 1945.
